

Miras Zhandosov

Graphic and UX/UI Designer

UX/UI designer with a background in architecture and branding. I create thoughtful interfaces and design systems for web and mobile products.

EDUCATION

Bachelor's Degree, Design and Programming

HSE University

2021 - 2025, Moscow

I learn frontend development and interface design. Also during training special attention is paid to creation and promotion of finished products

WORK EXPERIENCE

CEO, Product Designer

Neondzen

January 2020 - March 2022, Kazakhstan

Internal tasks, outdoor advertising, partner communication, process management, landing pages design, target advertising in Facebook.

SMM, Content Manager

Realtalk.tech

August 2022 - October 2024, Russia

Worked as an SMM and content manager at an online programming school. Created and edited video content, developed branding from scratch, managed social media, and produced educational materials to boost engagement and brand visibility.

Lead Graphic and UX/UI Designer

INK Architects

January 2025 - present, Kazakhstan

At INK Architects, I design visual materials for architecture projects – from presentations and branding to UI concepts and infographics.

Worked on UX/UI design and developed the Ayenk Inc. website from scratch – a multi-page platform representing three affiliated companies with a consistent visual system and clear structure.

Freelance, Startups

2020 - present, Worldwide

Always open to new opportunities. I work with startups and take on freelance projects in design and digital communication.
